

INSURANCE

Southeastern Freight Lines can provide cargo insurance for those goods moving over land within the United States, Canada, Puerto Rico and the US Virgin Islands. This insurance covers the amount of the invoice as supplied by the shipper or consignee, plus 10% of the invoice up to purchased amount of coverage.

The Benefits

Should loss or damage occur, cargo insurance preserves the relationship between the shipper and consignee because the insurance protects 100% of the risk and there is no deductible. You deal directly with Southeastern Freight Lines by telephone, facsimile or contacting your local Southeastern Freight Lines representative. There are no intermediaries. Claim is filed directly with Southeastern.

Concealed damage must be reported within 15 days from date of delivery, and claims will be handled on a case by case basis. Liability will also be handled on a case by case basis.

Individual Shipment Policy

Southeastern Freight Lines will insure your shipments upon request, subject to a maximum of \$250,000 per shipment. You must request this service on the bill of lading and state the invoice value. Rates are among the best in the industry. For quotes, visit our website at www.sefl.com where rates may also be calculated. (From the "Shipping" menu, please select "Forms" and then "Full Value Insurance Calculator.") If you have additional questions, please contact our Claims Department at 1.800.637.7335 ext. 2403.

Insurance Protection

Coverage starts when the goods leave the shipper and/or supplier's place of business and continues in force during the ordinary and customary course of transit to the final destination, including National Partnership carriers.

Cargo is protected against "all risk" of physical loss or damage from any external cause irrespective of percentage of loss. (The normal exclusions to carrier liability of Act of God, Public Enemy, and Authority of Law do not apply to shipments insured under this program.)
