

SOUTHEASTERN FREIGHT LINES
"Quality Without Question"

A CLEAN SWEEP in 2007!

Rated #1 in the South/South Central Region in the LTL category

Many things have changed since Southeastern Freight Lines began operation in 1950, but not the solid values upon which our company was built. Founder W.T. Cassels, Sr., believed: "Take care of our people, who will take care of our customers, who will take care of our future." This belief is the cornerstone of our company as we celebrate more than fifty-seven years of Quality Without Question.

Southeastern Freight Lines would like to thank our dedicated associates as well as our loyal customers. Thanks to you, Southeastern was recognized as the winner in all five "Quest for Quality" grading categories:

- Performance
- Value
- Information Technology
- Customer Service
- Equipment & Operations

Quest for Quality Winner 22 Consecutive Years!
