

THE FASTEST way across THE BORDER

FACTS REGARDING CANADIAN SERVICE:

- Premier LTL carriers in US and Canada
- Reduced delivery times
- Non-stop service using sleeper teams
- 98% on-time delivery performance
- 99.8% claims-free handling
- Shipment tracking to delivery at www.sefl.com

Southeastern Freight Lines provides superior less-than-truckload (LTL) transportation to and from Canada through a strategic alliance with Quik X Transportation. This expedited service is second to none, in some cases rivaling air service at a fraction of the cost. In addition to superior transit times, you can expect the same unparalleled customer service and innovative electronic technology that you have come to expect from Southeastern Freight Lines in the Sun Belt.

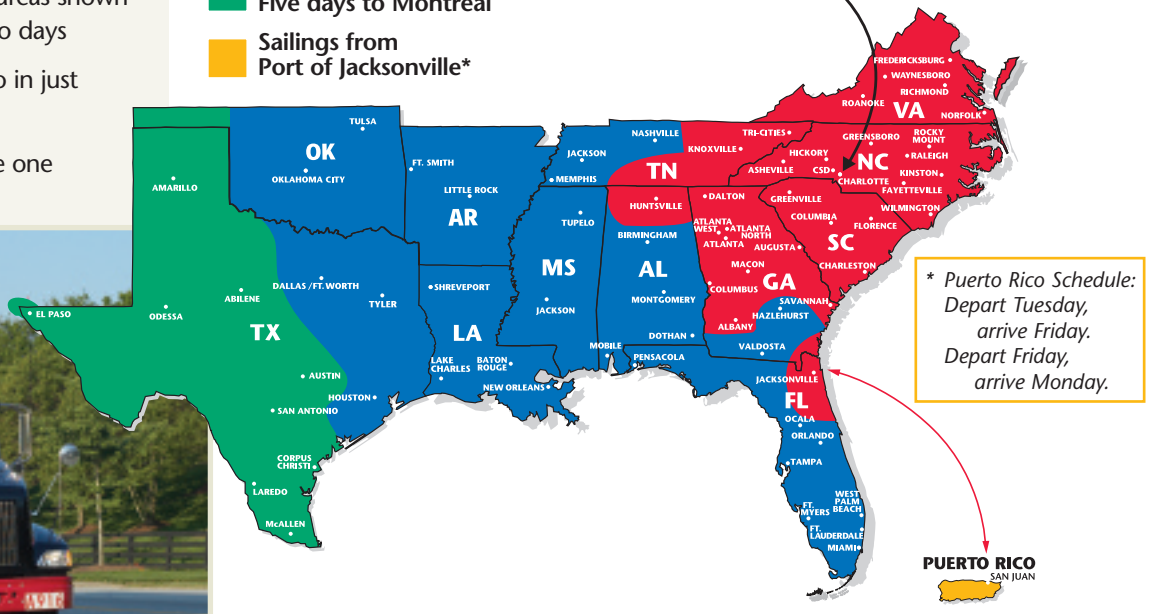

Quik X Transportation has been Southeastern's Canadian partner since 1992 and has firmly established itself as Canada's number one expedited LTL carrier. Headquartered in Toronto, Ontario, this profitable, privately-held organization has been recognized since 1997 as one of *Canada's 50 Best Managed Companies*.

REPRESENTATIVE SERVICE STANDARDS:

- We can transport freight from Jacksonville, Florida and Atlanta, Georgia (or anywhere within the red areas shown below) to Toronto in only two days
- From Dallas, Texas to Toronto in just three days
- Deliveries to Montreal require one additional day

- Two days to Toronto – Three days to Montreal
- Three days to Toronto – Four days to Montreal
- Four days to Toronto – Five days to Montreal
- Sailings from Port of Jacksonville*

CANADA XpressPass SERVICE

ACROSS THE BORDER:

- Customs clearance experts
- C-TPAT, FAST, PIP, and CSA certified
- The XpressPass reduces your paperwork requirements
- Speedier processing and shipping capabilities of the electronic Canadian PARS customs clearance
- Certificate of Origin – required if your shipment will be treated under NAFTA provisions

HERE IS WHAT OUR CUSTOMERS SAY...

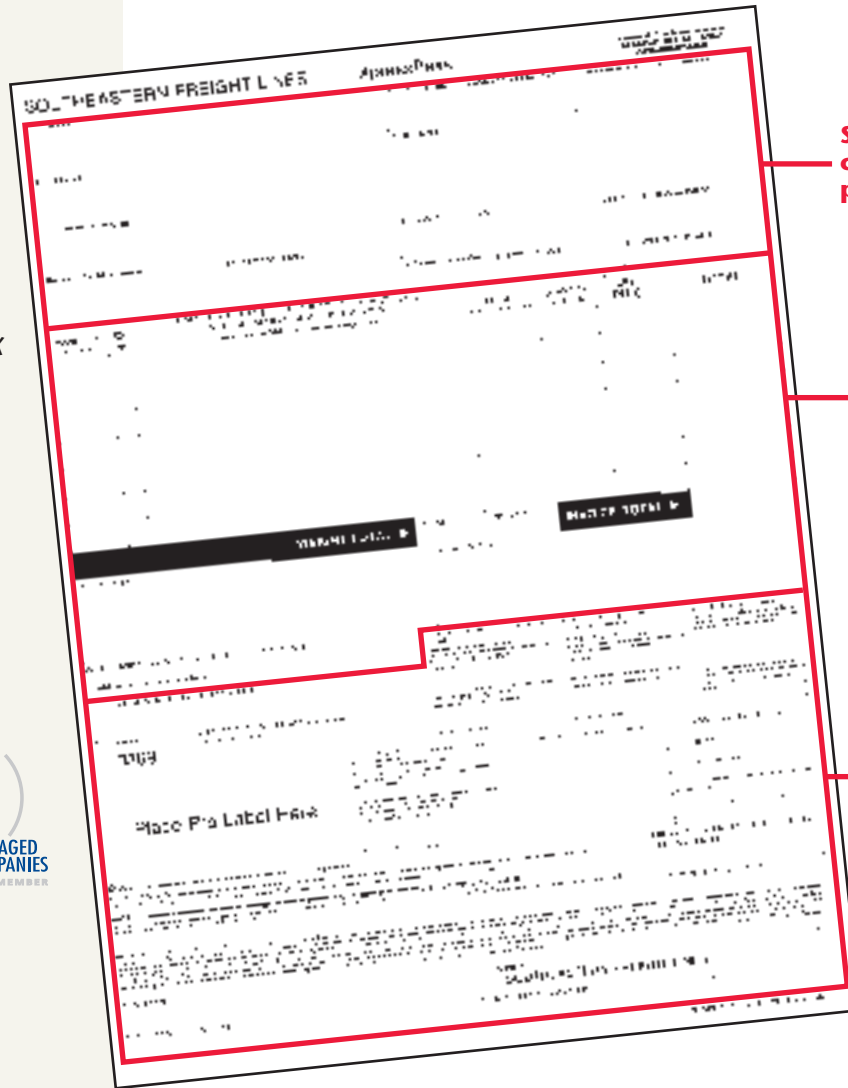

Kay Chemical Company and Southeastern Freight Lines have partnered on our transportation requirements for many years. During these years, we have been able to successfully meet our ever-changing customer demands for service, including challenging Canadian customer requirements, via the SEFL/Quik X partnership. We have found SEFL/Quik X to be responsive to our needs, providing information to allow us to converse with our internal and external customers on a timely basis.

Distribution Manager
Kay Chemical Company

In the race for business, victory goes to the first one to cross the finish line. To slice time and red tape, Southeastern Freight Lines has created the XpressPass, which combines the traditional bill of lading and Canadian Customs Invoice (C.C.I.) into one efficient, easy-to-complete document.

By using the electronic Canadian Pre-Arrival Review System (PARS), it will allow customs brokers to clear import shipments while still en route to the border. This means a competitive edge for your business as your freight can flow through to its destination and be delivered upon arrival.

The issue of safe and secure international trade is of paramount importance. Southeastern and Quik X have dedicated associates with many years of expertise in international trade. We have diligently worked to comply with the new national security legislation to participate in the following programs: Customs – Trade Partnership Against Terrorism (C-TPAT), Free And Secure Trade (FAST), Partners In Protection (PIP), and Customs Self Assessment (CSA). Our commitment is to assure your shipment gets across the border quickly and hassle free.
